Rumpus is a non-profit, non-partisan, non-violent monthly student publication published by RTA Publications and registered with the Yale College Dean's Office. Yale College is in no way responsible for its content, though it did orchestrate the niggardly coup (you know, that one) in order to finance Dean Miller's superfluous infusion of adamantium into her skeleton. Hopefully this will go a long in waymaking up for that thin skin. Yeah, that diss hurt, Mary. We have feelings too, you know.

Any reproduction, re-transmission or rebroadcast without express consent, implicit or supercilious, from Rumpus Magazine, its parent organizations, and its bastard offspring affiliations. By acknowledging Rumpus's existence and binding yourself to our cause, you hereby pledge to do everything in your power to cultivate the burgeoning romance between Sam Miles and Phoebe Hinton. In accordance with the Bloomian prophesy, Sam and Phoebe, after many years of stolen glances and playful groping, will ultimately consummate their love on the bed and with the approval of Master Marvin Chun. Their subsequent doubly-mulatto spawn will then go on to have the best good hair this nation has ever seen. All members of the Yale community are entitled to one copy per household. Failure to comply with this regulation will result in the swift defenestration of Paul Freedman from the Levin Center onto the YD'N' building. If you would like to purchase a monthly subscription (good luck with that) of Rumpus please provide us with the dried placenta of your firstborn child. Placentae can be mailed to Rumpus, PO Box 205659, Yale Station, New Haven, CT 06520. Subscribe now to help us overthrow the evil reign of Taylor Swift over Paul Freedman's heart.

The Rump's View

Dearest Yale,

It seems we've come full circle. Just yesterday, we stood at the Class of 2019 extracurricular bazaar throwing condoms at freshman and asking them if they were virgins. Many of them were, and some of them remain so even today. But back to us. In the wake of society tap, our lips still reek of Dubra poops from all the ass-kissing we've had to do. Our stomachs hurt from eating up the Yale Corporation's bullshit. Our eyes, ears, and noses straight up burn from the pollen spewing out of every single Commencement flower that "they" planted to make Yale look like a safe space. It seems we've come full circle-jerk.

If there's one thing we've learned from navigating the deepest annals of Elihu's Booty, it's that Yalies are really only good at one thing: exclusivity. If you disagree and think Yalies are vital intellectual contributors to global thought, you probably applied for DS. If you disagree and think we are towering artists, you're probably a Harkness Caroliner. If you disagree and think we care deeply about *people*, you're probably a FOOT leader. If you agree, you're probably a tour guide. We rest our case.

This issue—our last of the academic year—is our final offering to the great jaws of Elihu himself; may he shit it out without great strain. This issue contains many lists of names of people whose existences we couldn't care less about. Use it unwisely. Use it to find out who is destined to become a great world leader but will ultimately struggle to put their kids through Exeter. Floss your teeth with it, then use it to wipe your ass. Make it your own. Because for fuck's sake, we have no use for it. We just work here.

Before we depart, we would like to extend our deepest gratitude to you, the student body of *Universitatis Yalensis*, for providing us with fuckloads of content throughout the year. We couldn't have come up with half this shit if we tried. In short, it's been an honor to be your sexy spirit guides through the shrooms trip that is your bachelor's degree candidacy. But please know that our infinite wisdom does not stop here. Don't be a stranger. The door to our office in the basement of Welch is always open. If it happens to be closed, just knock. We're probably hotboxing, and we'd love for you to join us. Stay infinite, bitches~

Rump Love Everlasting,

Alicia and Adam Editors-in-Chief
